Two other on-post colleges have already held their graduation ceremonies. Degrees were conferred on 12 May 2006 by Kansas State University to 40 Soldiers, family members and DoD civilians in Manhattan, Kansas. Approximately 30 individuals assigned to Fort Leavenworth received degrees from Kansas City Kansas Community College on 25 May 2006 at their main campus in Kansas City.

GoArmyEd is here to stay!

It's been two months now since the GoArmyEd portal has been open for business. Soldiers, counselors, schools, and help-desk personnel have all been on a quick learning curve. Through necessity and experience many lessons have been learned on how to successfully get enrolled in a course and request TA on-line, through the portal.

The most valuable lesson learned is that the initial process can be time consuming, and therefore requires that you **get started early**. The initial process varies depending on your past usage of TA. If you do not have a GoArmyEd **username** and **password**, start by logging on to the website (www.GoArmyEd.com) to obtain them. The next step for prospective students is to visit the Army Education Center and talk to an Education Counselor, where you will discuss schools and programs. The remaining steps will be discussed and/or completed at that time.

Remember that the Army Education Center is here to help you navigate your way through the portal, because GoArmyEd is here to stay!!
